

NEW ENGLAND RAIDER BOOSTERS

2010 YEARBOOK

Another great year....

LEAD BY EXAMPLE

2010 was a memorable year for the New England Raider Boosters and is directly related to the success of the Oakland Raiders. Our organization has steadily grown since a humble beginning in 2004. We have had over 100

members over the years and currently have just under 80. This was the first year we have been fortunate enough to experience some fantastic Raiders wins and share the joy as a group. Some members claim to have dislocated fingers after aggressive high-fives after touchdowns and wins!

Although our dedication has never failed, experiencing on-the-field success sure is nice and we will continue to strive towards our goal of representing the Oakland Raiders here in New England while also creating charitable events

benefitting those in our communities who are in need of assistance.

The following pages will showcase our 2010 season and provide additional details regarding future events and changes in our organization.

Notes from the Executive Board

We will no longer be utilizing the position of State Director as of April 2011 because of a disproportionate number of members in some states. Also, we feel providing members with an official voice/vote is important and since State Directors are appointed rather than voted into position, the change is needed.

We currently have an open position for Executive Director and will now create an additional two positions totaling three. Each Executive Director will be responsible for 1/3 of the membership. Duties include, reminding members of renewal 30 days before expiration and mailing items when membership is renewed.

These positions will last until April 2012 because we are currently in middle of a two year term. Each position is normally two years and after 2012, each member elected will serve until April 2014. Here is the current list of Executive Board members:

President: Jason Goffe

Treasurer: Kevin Janicki

Vice President: Jeff LaFontaine

Secretary: Leo Champagne
